Summer Arts Programs

Summer camps return to TGAi with one-week offerings in fine and performing arts. Full and half-day programs will nurture, cultivate and encourage the creative abilities in every child. Class sizes are limited and registrations are accepted on a first-come basis. A small number of needs-based scholarships are being provided by TGAi.

ART: From clayworks, paper and painting techniques, to natural sculpture and mosaic, students will work on a variety of hands-on projects to stimulate their creativity and intellectual development in a safe, supportive environment.

DANCE: Each session will expose your child to different forms of dance in order to provide the fundamental skills for enjoying and exploring movement while learning a dance piece.

THEATER: Children will develop storytelling and performance skills naturally through a series of improvisational games and exercises. They'll build their concentration, self-confidence and problem-solving while they work on a short play for in-class performance.

June 20-24
